There are some important factors to be considered in planning this spiritual journey including logistics, spiritual, physical and mental aspects. How this rider works

Comprehensive protection plus optional benefits

The following example illustrates how this rider benefits you. It provides additional benefits to your main certificate, and you need to pay a separate contribution to keep this protection in place...

Kassim was planning to perform the Hajj within the next five years, so he chose to participate in the FWD Hajj Rider with RM100,000 sum covered. He also opted to include the RCP and Cash Allowance benefits.

As Kassim had consistently made contribution payments in the first two years, he received the first RCP of RM3,000 in the 25th month. Kassim will continue receiving the RCP every 2 years thereafter which he can save towards performing the Hajj.

In the third year, Kassim performed the Umrah so he received the RM2,000 Cash Allowance before the Umrah trip as his pocket money.

The couple was involved in an accident while travelling by bus from Madinah to Makkah with other pilgrims. Kassim suffered total and permanent disability as a result and unfortunately Zahreen didn't survive.

The following year Kassim and his wife, Zahreen travelled to Makkah to perform the Hajj together. Kassim claimed another RM2,000 Cash Allowance for the Hajj trip.

Kassim received RM400,000 payout for TPD benefit and RM50,000 Spouse Compassionate Benefit due to the death of his wife as a result of the accident.

What you need to know

How are we Shariah-compliant?

1. We manage your contribution and our takaful operations are based on the Shariah contract of Wakalah and guided by our Shariah committee.

Takaful is a mutual assistance scheme based on the spirit of brotherhood and solidarity where you and others agree to assist each other financially if anyone of you suffers a specific loss.

Wakalah is the appointment by one party of another to act on his/her behalf.

2. We allocate your contributions, less the Wakalah fee, into our Participants' Risk Fund (PRF) as Tabarru'. Funds in PRF are used to pay the benefits to claimants who are entitled to it based on:
 - the solidarity of brotherhood and cooperation among the participants; and
 - terms and conditions within the rider certificate

Tabarru' is a donation for the purpose of takaful.

3. In case of the good performance of the PRF, we'll be compensated 50% of the surplus as Ju'alah and the remaining 50% will be distributed to eligible participants.

If the value of PRF is insufficient to pay the claims, then we'll give Qard which is a benevolent interest-free loan to PRF.
